on the DVLA website

Website	Function	What can we do with it
	Watching Bidding Rating	Choice based lettings on housing. Where Citizens can search for a property, be altered where one comes in which matches their criteria. Rate council services and offer feedback.
	Suggests Prime	Where someone moves house can we suggest additional discretionary services; bins, leisure centres, public transport. Prime; adds value to services on a subscription service.
	Secure	Customer Accounts for Revenues and Benefits. Online payments for various services.
	Videos Comments	Provide videos of common repairs and issues with Council housing stock. For example repressuring a boiler or tips on solving condensation
	Results Discussion	Election results using graphic representation Discussion around consultation documents
	Trends	Learns about who is looking at the website. So can notify of things that match a profile; Bin collection days, housing stock, jobs, planning applications.
	Signposts Partners	Single website which uses partners for organisations such as AMLO's, Leisure Services, and pest control

What do your customers want from the Council ?

- Need help
- Complain
- Ask why ?
- Pay a bill you sent them

What could your customers do with the Council ?

- Home improvements
- Get involved
- Buy a new service
- Do you already know what they want ?

Recycling and Waste

Our Recycling and Waste service deals with all aspects of household waste and collection, as well as offering a commercial waste service to businesses in the area.
